The Children's Cancer Center of Lebanon (CCCL), established in Beirut, Lebanon, is a unique regional center for the comprehensive treatment of pediatric cancer. An affiliate of St. Jude Children's Research Hospital in Memphis, Tennessee (St. Jude), the center works in close association with The American University of Beirut, Medical Center (AUBMC).

The CCCL covers all costs of care beyond those reimbursable by third party payments and total costs when the latter are not available. The CCCL depends on donations, and its ability to fulfill its mission is constrained by the availability of funds at its disposal.
